### **CHINA WIRELESS COMMUNICATIONS SIGNS SERVICE CONTRACT WITH LEADING COMMERCE ENTERPRISE IN BEIJING**

Denver, CO, April 28, 2004, China Wireless Communications, Inc. (OTC Bulletin Board: CWLC) announces that it has signed a two-year service contract with Cuiwei Plaza Co, Ltd, a leading commerce enterprise near the heart of one the most prosperous business districts in Beijing City. China Wireless will deliver a dedicated broadband link for Cuiwei Plaza to provide wireless, point-to-point connectivity service with a high-speed capability of 2 megabit per second. Expected revenue for the service will be approximately RMB64,000 (\$7,727.60USD) per year.

Brad Woods, CEO of China Wireless commented, "We have now completed the first phase of our metro network construction and with the signing of this contract with Cuiwei Plaza we have commenced the next phase of our business plan, providing services and generating revenues. We look at this contract as an exciting step in the evolution of our Company. We are progressing towards adding customers and increasing revenues."

#### **About Cuiwei Plaza Co, Ltd.**

[www.cwjt.com](http://www.cwjt.com)

Cuiwei Plaza Co, Ltd is a state-owned commerce enterprise, located in the west commerce district of Beijing City with an operating commerce facility of approximately 40,000 square meters. Cuiwei Plaza is mostly engaged in shopping service and provides other services including entertainment, post-office, hotel, bookstore, bank, office building, etc. During the past six years it has generated sales revenue of RMB6.2 billions and has become one of the premier commerce enterprises in Beijing.

#### **About China Wireless Communications, Inc.**

[www.chinawirelesscommunications.com](http://www.chinawirelesscommunications.com)

China Wireless Communications, Inc., headquartered in Denver, CO provides a suite of broadband data services, including support for Internet access and Voice over IP in Beijing, China through its wholly owned subsidiary, In-Touch Communications. We use secure, reliable fixed wireless technology to provide the 'last mile' connection to link bandwidth-hungry businesses to our fiber-optic backbone, and to the networks of our telecommunications partners. Our "Wireless Fiber" services provide the capacity and reliability of fiber-optic networks, over a fixed wireless connection. As a result, we capitalize on faster deployment and maintain targeted capital spending available only through these advanced technologies. Our systems are used to provide redundant

high-speed network access connections, Voice over IP and transport services that include IP data, video and ISP services. The Company is publicly traded on the OTCBB under the symbol "CWLC".

**Forward Looking Statements:**

Statements regarding financial matters in this press release other than historical facts are “forward-looking statements” within the meaning of section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and as that term is defined in the Private Securities Litigation Reform Act of 1995. The company intends that such statements about the Company’s future expectations, including future revenues and earnings, and all other forward-looking statements be subject to the safe harbors created thereby. Since these statements (future operational results and sales) involve risks and uncertainties and are subject to change at any time, the Company’s actual results may differ materially from the expected results.
