

News Release**Source: China Wireless Communications, Inc.****CHINA WIRELESS COMMUNICATIONS GENERATES RECORD SALES REVENUE FOR THE 1ST QUARTER 2004**

Denver, CO, May 4, 2004, China Wireless Communications, Inc. (OTC Bulletin Board: CWLC) announces its sales revenue has reached a record of \$34,000.00USD for the 1st Quarter 2004. This revenue is a direct result of China Wireless providing last mile connectivity between its Tier 1 carrier partners and their customers. In addition, China Wireless is providing business tenants in key Beijing buildings high speed bandwidth access to ISP's, thereby extending the reach of its Tier 1 carrier partners to their key business customers. China Wireless is expanding its capabilities to reach more customers in the next phase of its metro network construction.

Brad Woods, CEO of China Wireless commented, "This exciting growth of our sales revenue shows we are on target to execute on our business plan. By the middle of May the second phase of our metro network construction in Beijing will be completed. We expect our network to provide more capacity and coverage of services to reach our business objectives."

About China Wireless Communications, Inc.

(www.chinawirelesscommunications.com)

China Wireless Communications, Inc., headquartered in Denver, CO provides a suite of broadband data services, including support for Internet access and Voice over IP in Beijing, China through its wholly owned subsidiary, In-Touch Communications. We use secure, reliable fixed wireless technology to provide the 'last mile' connection to link bandwidth-hungry businesses to our fiber-optic backbone, and to the networks of our telecommunications partners. Our "Wireless Fiber" services provide the capacity and reliability of fiber-optic networks, over a fixed wireless connection. As a result, we capitalize on faster deployment and maintain targeted capital spending available only through these advanced technologies. Our systems are used to provide redundant high-speed network access connections, Voice over IP and transport services that include IP data, video and ISP services. The Company is publicly traded on the OTCBB under the symbol "CWLC".
