Now it has developed several high-quality real estate projects in Beijing city and has gained great reputation in real estate field.

About China Wireless Communications, Inc.

www.chinawirelesscommunications.com

China Wireless Communications, Inc., headquartered in Denver, CO provides a suite of broadband data services, including support for Internet access and Voice over IP in Beijing, China through its wholly owned subsidiary, In-Touch Communications. We use secure, reliable fixed wireless technology to provide the 'last mile' connection to link bandwidth-hungry businesses to our fiber-optic backbone, and to the networks of our telecommunications partners. Our "Wireless Fiber" services provide the capacity and reliability of fiber-optic networks, over a fixed wireless connection. As a result, we capitalize on faster deployment and maintain targeted capital spending available only through these advanced technologies. Our systems are used to provide redundant high-speed network access connections, Voice over IP and transport services that include IP data, video and ISP services. The Company is publicly traded on the OTCBB under the symbol "CWLC".

Forward Looking Statements:

Statements regarding financial matters in this press release other than historical facts are "forward-looking statements". The company intends that such statements about the Company's future expectations, including future revenues and earnings, and all other forward-looking statements be subject to the safe harbors created thereby. Since these statements (future operational results and sales) involve risks and uncertainties and are subject to change at any time, the Company's actual results may

differ materially from the expected results.
