

## **CHINA WIRELESS SIGNS TECHNOLOGY SERVICE CONTRACT WITH AN INFLUENTIAL MULTINATIONAL CORPORATION**

Denver, CO, June 8, 2004, China Wireless Communications, Inc. (OTC Bulletin Board: CWLC) is pleased to announce that it has signed a technology service contract for one year with Alstom (China) Investment Co., Ltd., a wholly owned subsidiary of Alstom Holdings S.A of France (NYSE:ALS). This contract enables China Wireless to provide a 2 Mbps high-quality fiber access link.

Kent Lam, President of CWLC subsidiary In-Touch commented, "We are very pleased to sign this contract with Alstom (China) Investment Co., Ltd. Alstom (China) has an extensive reach and positive influence in the Chinese market. We continue to seek several core customers like Alstom (China) to aggressively extend our business by leveraging their resources. This contract with Alstom (China) is not only strategic for us, but also provides a several potential opportunities to cooperate with them in other markets, such as International Connectivity and VoIP, of which they will have several requirements."

### **About Alstom (China) Investment Co., Ltd.**

([www.alstom.com.cn](http://www.alstom.com.cn))

Alstom (China) Investment Co., Ltd. was registered in early 1999, in Beijing, with registered capital of US\$30 million. It is a 100% owned subsidiary of Alstom Holdings S.A of France, whose activities include the provision of Corporate Services (HR, Finance, Administration, Legal and IT), Country Network/Communication, and the local activities of the Sectors (Power, Transmission & Distribution, Transport, and Power Conversion). This Wholly Owned Foreign Investment Company with limited liability also established a Wholly Owned Foreign Enterprise - Alstom Technical Services (Shanghai) Co. Ltd in China.

### **About China Wireless Communications, Inc.**

([www.chinawirelesscommunications.com](http://www.chinawirelesscommunications.com))

China Wireless Communications, Inc., headquartered in Denver, CO provides a suite of broadband data services, including support for Internet access and Voice over IP in Beijing, China through its wholly owned subsidiary, In-Touch Communications. We use secure, reliable fixed wireless technology to provide the 'last mile' connection to link bandwidth-hungry businesses to our fiber-optic backbone, and to the networks of our telecommunications partners. Our "Wireless Fiber" services provide the capacity and reliability of fiber-optic networks, over a fixed wireless connection. As a result, we capitalize on faster deployment and maintain targeted capital spending available only through these advanced technologies. Our systems are used to provide redundant high-speed network access connections, Voice over IP and transport services that include IP data, video and ISP services. The Company is publicly traded on the OTCBB under the symbol "CWLC".

**Forward Looking Statements:**

Statements regarding financial matters in this press release other than historical facts are “forward-looking statements”. The company intends that such statements about the Company’s future expectations, including future revenues and earnings, and all other forward-looking statements be subject to the safe harbors created thereby. Since these statements (future operational results and sales) involve risks and uncertainties and are subject to change at any time, the Company’s actual results may differ materially from the expected results.
