

News Release**Source: China Wireless Communications, Inc.****China Wireless Connects China Encyclopedia Publishing**

Denver, CO, Sep 15, 2003/PR Newswire-FirstCall/China Wireless Communications, Inc. (OTC Bulletin Board: CWLC) announced it provides China Encyclopedia Publishing House with a four megabit leased line Internet connection. Expected revenue from this contract will be approximately RMB132,000 per year. In addition, China Wireless is planning to build the WLAN for this company with projected revenues of RMB600,000. Approximately 100 subscribers of China Encyclopedia Publishing will use this Internet connection whose volume of publications reaches 0.17 Billion every year.

As a national institute, China Encyclopedia Publishing House, www.ecph.com.cn, has more than 500 high skilled employees whose expertise spans all areas of modern science and cultures. China Encyclopedia Publishing House headquarters hosts one of the most advanced computerized editing facilities, large resource libraries, and a powerful translation center which supports a chain of book stores across China. China Encyclopedia Publishing House provides year round services including editing, publishing and publication distribution.

Brad Woods, CFO, China Wireless says, "We are very happy to provide one of China's national institutions with our wireless technology in order to reach their clients."

Forward Looking Statements

Statements regarding financial matters in this press release other than historical facts are "forward-looking statements" within the meaning of section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and as that term is defined in the Private Securities Litigation Reform Act of 1995. The company intends that such statements about the Company's future expectations, including future revenues and earnings, and all other forward-looking statements be subject to the safe harbors created thereby. Since these statements (future operational results and sales) involve risks and uncertainties and are subject to change at any time, the Company's actual results may differ materially from the expected results.
