**CHINA WIRELESS ANNOUNCES AGREEMENT WITH MCI TO OFFER  
BROADBAND SERVICES INTERNATIONALLY**

Denver, CO, October 29, 2003/PRNewswire-FirstCall/ --China Wireless Communications, Inc., (OTC Bulletin Board: CWLC) today announced that the Company is extending the reach of its Broadband Wireless Access Network in Beijing, China. Through an agreement with MCI, China Wireless will be adding MCI International ATM [asynchronous transport mode] services to reach North America, South Pacific, Asian and European markets to its existing suite of broadband network offerings.

Kent Lam, President of In-Touch Communications, a wholly-owned Beijing subsidiary of China Wireless Communications, said, "Our goal is to provide our clients complete broadband network solutions, with unparalleled quality of service levels. This agreement allows our clients to combine the speed and availability of the China Wireless' broadband access network with the international reach of MCI's network."

Barry Adams, President, NAVIS Communications, an MCI Solutions Partner who consulted on the agreement, said "China Wireless now has the ability to bring a full suite of network offerings to their enterprise clients in China where these services were not previously available."

**About China Wireless Communications:**

China Wireless Communications, Inc. based in Denver, CO develops, installs and markets wireless broadband networks and provides Internet access in Beijing, China through its wholly-owned subsidiary in Beijing, China.
