## **CHINA WIRELESS ANNOUNCES MULTI-YEAR CONTRACT FROM TIANJIN MUNICIPAL EDUCATION COMMISSION**

DENVER, CO -- June 16, 2005 - PRNewswire -- China Wireless Communications, Inc., (OTC Bulletin Board: [CWLC](#)), is pleased to announce that it has signed a multi-year contract with the Tianjin Municipal Education Commission.

Tianjin Create Co., a systems integration company and subsidiary of China Wireless Communications, signed a multi-year contract to provide desk top computing solutions for the Tianjin Municipal Education Commission to be used by their departmental support organizations. Tianjin Create Co. will also provide hardware, software support and Internet services for 3 years. The contract calls for additional equipment, products, and services as the need evolves for the term of the contract.

Tianjin Municipal Education Commission is a government organization responsible for managing the education system in Tianjin, such as all universities, high schools, middle schools and primary schools. Under the contract Create Co. will install the new systems at the Tianjin Arts University, which is one of the country's prestigious campuses, founded in 1905.

Frank Li, President of Create Co. commented, "From a historical perspective Tianjin City is the third largest city in China and can be compared to Chicago, Illinois in the U.S.A. Its population is 10,000,000 people and is a major import and export center for China. Major industries and markets in Tianjin City include educational, industrial, international port city, medical, manufacturing and government. It is noteworthy that with the award of this contract we expect to be able to increase our customer base in several new markets we are not in today with the assistance of China Wireless."

### **About Tianjin, China**

Tianjin is Beijing's gateway to the sea and has over 25 ten thousand ton ship berths. The harbor is considered the number one demarcation point for all products entering and leaving China. Tianjin's harbor is geographically the second largest in China. The city houses 31 universities and not only is the industrial capital, headquarters for Motorola Corporation of China, but also the financial capital of northern China.. In addition Tianjin University is the first Chinese neoteric university. Tianjin has been selected to host the 2008 Olympic Games Football (Soccer) contests.
